Cox Radio, Inc., 99.5 KISS
8122 Datapoint Drive, Suite 600
San Antonio, Texas 78229

Dear Virgil,

South Texas Blood & Tissue Center (STBTC) would like to express our appreciation to 99.5 KISS for the media coverage and continuing support to our goal of saving lives, offered during the KISS Rock & Roll Up Your Sleeve Blood Drive on August 30, 2007. We are truly grateful for the generous on air promotion time and tireless support of STBTC you devote to help educate the public on the need for donations both prior to and during each blood drive.

Because of your support of the 2007 Rock and Roll Blood Drive, STBTC collected 905 units of blood and 196 marrow registrants. The total number of blood donations for 2007 is 1,541 and 196 new marrow registrants. This is an outstanding contribution for the San Antonio community's blood supply.

On behalf of patients in the entire South Texas area, STBTC thanks you for supporting our mission of saving lives and responding to the need by sponsoring frequent blood drives throughout the year. We look forward to working with you again soon.

Sincerely,

Carmen A. Davila
Director of Community Relations

KISS Radio Staff
8930 Fourwinds Dr.
San Antonio, Texas 78239

To Our Dear Friends at KISS Radio:

Thank you for another successful Holiday Food Drive. For 26 years you have faithfully supported our efforts to help the less fortunate in San Antonio. Your faithfulness all these years has been a true blessing that we pass on to others. We want everyone at KISS to know how much we appreciate your efforts.

Our deepest gratitude goes to Steve Hahn who years ago had the vision to help the Little Church. He has remained loyal to that vision, rain or shine, hot or cold.

Thank you John Lisle and Kelley Kendall for joining Steve in faithfully fulfilling the vision. "Where there is no vision, the people perish."

To DJ's Chris Sifuentes and Stacey Taylor who manned the mike on Saturday, we commend your work and appreciate your caring spirit.

To Jennifer Schultz, Laura Sandoval, Brunella Bruni and their staff Charles Hoag, Robert Gonzalez, Joey Nicgorski, Melissa Torres, Tracie Meyer, Ivonne Martinez, Sara Cartwright and Chris Filoteo who labored behind the scenes to coordinate the weekend, thank you.

To Virgil Thompson, station manager, who graciously loaned us the entire KISS Radio Program for two days our gratitude exceeds words.

Last but not least, we thank the multitudes of KISS listeners who heard the call to give and faithfully contributed. Your generosity is our blessing.

We thank you all for giving of yourself to fulfill the work put into the Holiday Food Drive. The donations will go a long way in our Food Pantry and because of your gracious support we have recieved monies including a \$2,000.00 donation from Planet K on West Avenue.

Once again thank you, may God bless you abundantly and know that you took part in making some people very happy who might have otherwise had a bleak Thanksgiving Day.

Sincerely,

Cleo Edmunds: Operations Director

San Antonio, Texas 78229

Dear Virgil,

South Texas Blood & Tissue Center (STBTC) would like to extend our appreciation for the media support that 99.5 KISS offered during the KISS Frequent Donor Blood Drive on Thursday, April 10, 2008. Having live talent support the need for blood donors is an effective means of getting the public's attention. Also, the continuous promos that ran the week before the drive helped inform listeners.

We greatly appreciate your scheduled air time to help educate the public on the need for donations. KISS's continued support of the need for donations and hosting its frequent blood drives is greatly appreciated.

Because of the support that KISS gave the blood drive, STBTC collected 201 blood donations. The total of blood donations collected is a phenomenal contribution for the community blood supply as we continue to accommodate 100 hospitals and clinics in 43 counties.

On behalf of patients in the South Texas area, the South Texas Blood & Tissue Center thanks you for supporting this lifesaving mission. We look forward to working with you in the future.

Sincerely,

Carmen A. Davila
